

FRONIUS WARRANTY / END CUSTOMER REGISTRATION

Fronius has represented reliability since 1946.

Take advantage of the new warranty options offered by Fronius!

This document should illustrate how easy it is to activate our free warranty program.

You can complete your registration in just a few simple steps:

/ 1. STEP

/ Go to www.solarweb.com.

/ Click on 'Registration' and fill in the form.

/ You will receive a confirmation e-mail from Fronius.

/ Open the link provided in the e-mail.

/ 2. STEP

/ Enter the serial number of your inverter into the appropriate text field.

You will find the serial number on the Fronius inverter's specification label.

/ Country of Installation – Country in which the inverter is installed.

/ Installer – Installer who put the device in operation.

Simple input of the name of the installer or the installer's ZIP code. Existing installers will be shown and can be chosen.

If the installer is not shown in the list, please create a new installer data set at the bottom of the form. (a new Input box will pop up)

/ In the text field 'Warranty' you can select the desired warranty option.

Fronius offers you options available for your region.

/ Select your desired options and then click on 'Register'.

/ 3. STEP

/ Here you can generate a PDF document with your personalised Warranty certificate.

CONGRATULATIONS!

You have successfully registered your installation and now have access to all services provided under your selected warranty program.

With this certificate, Fronius confirms your claim to the services defined in the selected warranty program. You can download this certificate at any time from Fronius Solar.Web Classic.

In addition to warranty services, the Fronius monitoring platform Solar. Web Classic is freely available for your unlimited use.

Here you will be able to access valuable status information and stay up-to-date on the operation of your installation!

Thank you for your trust in Fronius products and services. By utilising solar energy you are reducing CO₂ emissions and sharing the Fronius vision of 24 hours of sun.

We wish you an enjoyable and productive experience with your new Fronius inverter.

WE HAVE THREE DIVISIONS AND ONE PASSION: SHIFTING THE LIMITS OF POSSIBILITY.

/ Whether welding technology, photovoltaics or battery charging technology – our goal is clearly defined: to be the innovation leader. With around 3,300 employees worldwide, we shift the limits of what's possible - our record of over 900 granted patents is testimony to this. While others progress step by step, we innovate in leaps and bounds. Just as we've always done. The responsible use of our resources forms the basis of our corporate policy.
